

Dear PCS Community,

What a beautiful week! It has been so nice to see Spring in full swing here and our students out and about our campus this week. This time of year is packed with stuff happening - field trips, celebrations, events and performances and a chance for our students' work and progress to really be on display - I couldn't be prouder of our students and their learning.

I also want to extend our collective gratitude for the outpouring of care and support for teacher appreciation week. We here at PCS felt the love - thank you.

Here is some information heading into the weekend:

Upcoming Dates:

TONIGHT - Putney Community Supper!

May 18 - PCS Leadership Council Meeting

May 19 - All School Sing and Assembly

May 19 - Middle School dance at PCS

May 20 - PCS family picnic and dance put on by the PTO (see newsletter)

May 24 - Putney Palooza! This is an open house art show and evening of musical performance on the field

Also - Please save the date for 8th grade graduation, which will take place on Monday, June 12th.

I hope you all have a wonderful weekend

Jon

## Staff Highlight!

### Sadie Record

I was born and raised in Maine and earned my Bachelor's degree in Anthropology from Beloit College in Wisconsin. Before coming to Putney Central I served as a behavioral support for children with ASD in early childhood clinics and in homes. I am a passionate horse person and a certified Equine Massage Therapist. When I'm not at the barn, I am either in the woods with my poodle Noble, playing traditional Irish concertina, or relaxing with my Nintendo switch (like half the students mentioned in their poems).
